Mauro Vergano 'Chinati Vergano' Vermouth (white)

75ml £6.50

Alcohol-free Martini 'Vibrante' Aperitif (red)

Gin

Our Recommendation

Cooper King is a gin of really superior quality, made nearby in York. Super smooth and rich from the addition of their own honey, with lemongrass and local lavender. 1 square metre of English woodland is planted for each bottle of dry gin sold, through their partnership with the Yorkshire Dales Millennium Trust.

Cooper King Dry Gin	York	£3.50	£5	£8

Flavoured Local Gins

We use Slingsby for our flavoured gin range, because these are first and foremost great quality London Dry Gins, infused with bright, fresh, natural flavours. Still at 40% ABV and not overly sweet, these are perfect for afternoon drinks, or to start an evening meal.

Sake

Forget the 'rocket fuel' stereotypes. Sake resembles beer in its production, in that it's made from a fermented grain, but the final product is more akin to wine, with subtle, delicate characteristics, and rather a lot of complexity. Served with traditional drinking vessels 'ochoko'. As us for more details about the styles on offer and what to drink, when!
